Part-II

dt 20/6/2023.

(to be filled by S.D.E. of P.W.D B&R Department)

I have visited the above mentioned school on 20/6/2023..... and have visually inspected it from all angles of safety and I found it fit for normal use as a school building.

In case any addition of expansion and modification of his building is to be carried out the same be carried out under the supervision of a technically specified engineer and this certificate may again be obtained after the completion of work from the undersigned.

In case the building is effected by flood or if there is settlement of walls/ foundations or caves of roof etc. immediately inspection of the undersigned be arranged the stability and safety of the building.

This building can be safety occupied for normal use upto 31/3/2024..... (indicate year up to which it can be used).
